

Child Care Provider Program Overview

The Care Provider Program discusses the fundamentals of early childhood education, the child care profession, and developmentally appropriate practices for dealing with children from birth through school age. The program also provides instruction on office technology, English usage and written communication, time and stress management, management theory, critical thinking skills, and interpersonal communications. The program prepares the student for entry-level employment as a child day care worker and provides guidance for starting a home-based day care.

Program Objectives

- To identify common learning strategies
- To demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- To identify the parts of a computer and explain how technology is used in the office
- To improve basic keyboarding speed and accuracy
- To describe the developmental milestones of infants and children
- To create a safe and healthful environment for infants and children
- To create a variety of learning experiences for children using all of the senses
- To work with parents and other community resources to plan engaging curriculum
- To guide children through daily routines
- To develop effective oral communication skills
- To develop critical thinking skills
- To improve time mastery and productivity skills
- To plan for the start-up and maintenance of a home-based day-care business
- To explain principles of effective management
- To describe the process for writing effective resumes and cover-letters
- To describe how to proactively search for work as a child day care worker
