What Our Students Say...

"I am getting the same education that other online schools offered, for a much better price. It is essentially a self-paced program that a stay-at-home mom and military spouse can do any time of the day."

— Louise, Ramona, CA

"Being a mother of three and a military wife, Blackstone offered a great program to help me receive my education. I intend to take more courses to advance my Paralegal education via Blackstone. The website was very easy to get around on. It was user friendly from the minute it loads."
