1011 Brookside Road, Suite 300, Allentown, PA 18106

President's Message:

First of all, congratulations on taking the next step into looking at our Blackstone Career Institute programs. Now that you're here, I'd like to take a couple minutes to tell you why I think Blackstone has the finest at-home study programs for aspiring professionals.

Why Blackstone? Well, we've been providing career training since 1890, making us the first and oldest distance education training school. We're at the forefront of career training and we've got a curriculum of study that takes a backseat to no one. We prepare our students to go out into the world with the confidence to start their careers. They enter the job market knowing what they need to know, what to do, and when to do it. In short, we teach you how to get things done.

You can complete your studies at a pace that suits you. Got a busy week? You can pick up your studies when things are less hectic. Going away on a trip? We'll be here when you get back. You set your hours and the amount of time you put into your studies.

Do we offer the best at-home career programs available? We've worked hard to be able to say "yes!" But we're also constantly working to upgrade and update our studies so that Blackstone Career Institute stays at the top of its field.

If you've read this far, thanks for staying with my message. It's so hard to condense my pride in our school into a couple of paragraphs. Check us out. Whether you take a course to pursue a new career, advance your education, or simply achieve a personal fulfillment, your success is our goal.

Kevin J. McCloskey,

President, Blackstone Career Institute

TABLE OF CONTENTS

ABOUT BLACKSTONE

Our History

According to the 1969 World Book Encyclopedia, Blackstone was founded in 1890 as a correspondence school of law and is listed as one of the oldest correspondence schools in the nation. At the turn of the century, students with a desire to study law were confronted with many difficulties. Most textbooks were written in a technical style which was difficult to understand and cluttered with Latin words and phrases. The texts dealt primarily with practice and procedure, while the branches of the law that pertain to business transactions, such as private corporations and partnerships, were not readily accessible for student use.

In the early 1900s, a group of prominent educators identified with the Chicago-based Blackstone Institute decided to prepare an up-to-date commentary dealing with the modern rules of law and their origin, nature, and growth.

Eugene Gilmore, a Professor of Law and a member of the Educational Committee of the American Bar Association, was appointed Editor-in-Chief of the new series. His high standing in the legal education field, along with his acquaintance with university professors, lawyers, and judges, enabled him to attract the best legal talent in the country for this project. The Modern American Law Series was enthusiastically received by the legal community and laymen alike as a simple yet authoritative commentary on the law.

In the late 1970's the educational component of the Blackstone Institute changed from a School of Law to a legal assistant/paralegal program of study. The Institute moved from Chicago, Illinois to Dallas, Texas, and assumed operation under the name Blackstone Paralegal Studies. Additional lessons on legal research, ethics, and employment skills were added. The program was approved by the Texas Workforce Commission in December 1987, along with the National Association of Legal Assistants (NALA) as a 915-clock hour program, qualifying graduating students to sit for the prestigious Certified Paralegal (CP) exam.

Direct Learning Systems, Inc., (DLS) a full-service distance education company offering distance education courses in the food service industry, purchased the legal assistant/paralegal school named Blackstone Paralegal Studies from the retiring owner in September 2001 and relocated to Emmaus, Pennsylvania. Between 2001 and 2005, career training programs were developed in four allied health fields–Medical Transcription, Medical Billing & Coding, Medical Office Assistant, and Dental Office Assistant. In the same time period, eight advanced paralegal courses that qualify as continuing legal education for certified paralegals were developed and launched.

The school was renamed Blackstone Career Institute (BCI) to reflect the career-focused programs offered. In 2005, BCI received its initial accreditation from the DETC. By early 2006, BCI added four more career diploma programs: Pharmacy Technician, Physical Therapy Aide, Veterinary Assistant, and Child Care Provider.

To facilitate growth, the school relocated from Emmaus to nearby Allentown, Pennsylvania in July 2007. The new office location provides appropriate administrative, office, shipping, and record retention space to support the operations and its distance learning programs. In 2019, Home Health Aide was added, and Legal Nurse Consultant was added in 2023. Today, BCI offers ten Career Training

Programs, ten Certificate Courses, and ten Continuing Education Courses. MGS offers two courses.

Modern Gun School (MGS) was purchased in 2012. In 2015, MGS was accredited by the DEAC as a division of BCI. To reflect a clearer message to potential students and to be more socially responsible, in June 2024, the DEAC approved a name change from Modern Gun School to MGS Trade School.

BCI's curriculum is designed in collaboration with professionals, qualified and credentialed subject matter experts, and adjunct faculty to promote career-oriented education in the paralegal, education and allied health fields. Our programs meet the requirement of accreditation organizations while allowing flexibility to implement, update and evaluate curricula based upon the need of our students and certifying bodies. BCI's programs were developed and are offered to support the Institution's mission and goals.

Mission Statement

Blackstone Career Institute is committed to providing quality, relevant, and affordable distance education programs that focus on the knowledge and skills needed for entry level careers, professional development or personal goals.

Goals

The Goals of Blackstone Career Institute are:

1. to provide quality distance education to students seeking to prepare themselves for a career in their chosen field as a paralegal, pharmacy technician, veterinary assistant, allied health professional, or to achieve personal goals

2. to provide comprehensive lesson materials which are both applicable and up-to-date with regard to today's industry standards

3. to assist students in realizing their career and/or personal goals throughout their educational training by encouraging ongoing professional development and lifelong learning

Objectives

The mission and goals of Blackstone Career Institute are accomplished by successfully achieving the following objectives:

•   to provide high-quality distance education and training to individuals seeking entry-level training, para-professionals seeking continuing education, and adults looking to achieve their personal goals

•   to foster a positive, supportive learning environment that motivates students to learn and accomplish educational goals through providing exceptional student support services

•   to prepare graduates for an entry level position in their chosen field through a technology-driven curriculum that incorporates practical application of learned skills

•   to supply a curriculum that prepares students to sit for a certification exam

when applicable to the program of study

- to continually revise, update, and/or add new courses of study when appropriate, offering the most current information to meet industry standards

- to evaluate its mission and measure its institutional effectiveness through the continual monitoring of students' academic progress, satisfaction, and graduate outcomes

Learning Model

Blackstone Career Institute aims to provide students with engaging, comprehensive, high-quality curriculum in a flexible and convenient learning environment. The school strives to meet the educational goals of its students while giving them the opportunity to set the pace of their learning on a schedule that is compatible with their lifestyles and personal/professional commitments. Blackstone's enrollment model is an open-enrollment track wherein students can enroll at any time without having to wait for a class start date. The learning model is self-paced within certain maximum time limits per course and/or certificate. Blackstone's instructional model is comprised of an instructional team approach. The instructional team includes subject matter experts, adjunct faculty, education team and support staff. Blackstone's team is available to work with students as needs arise. The team approach allows BCI to customize support to individual student needs. Each course provides information on how to contact the Institute for support.

Ownership, Governance and Administration

Direct Learning Systems, INC ("DLS, INC") owns Blackstone Career Institute:

- DLS, INC, is a private corporation which is wholly owned by Kevin J. McCloskey.

- DLS, INC operates three schools: Blackstone Career Institute, MGS Trade School, Institute For Writers, and 123ce.com.

- DLS, INC schools operate as both correspondence and online institutions.

Board of Directors:

Kevin McCloskey, Chair
B.A. Mass Communications: Public Relations – Bloomsburg University – 1981

Valerie Behrle McCloskey, Vice Chair

Licensure, Accreditation and Affiliations

Blackstone Career Institute (BCI) is licensed by the Pennsylvania State Board of Private Licensed Schools, ensuring the highest quality curriculum and standards of business operations available.

BCI is accredited by the **Distance Education Accrediting Commission (DEAC)**, 1101 17th Street NW, Suite 808, Washington, D.C. 20036, 202.234.5100, https://www.deac.org/. BCI is also accredited by the Middle States Association on Secondary Schools (MSA), St. Leonard's Court 3819-33 Chestnut Street, Suite 310 | Philadelphia, PA 19104-3171, 267.284.5000, https://msa-cess.org/.

The Distance Education Accrediting Commission is listed by the U.S. Department of Education as a nationally recognized accrediting agency. The DEAC and MSA are recognized members of the Council for Higher Education Accreditation (CHEA).

Blackstone has received the distinction of being a Military Friendly School and is approved by the Veterans Administration for Veterans Education Benefits including the GI Bill® as well as the Military Spouse Career Advancement Account for MyCAA benefits.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government web site at https://www.benefits.va.gov/gibill.

BCI is recognized by the Better Business Bureau as an accredited business with a BBB rating of A+ and is a member of the Lehigh Valley Chamber of Commerce.

ADMISSIONS

Open Enrollment and Academic Calendar

BCI's enrollment model is an open-enrollment track meaning students can enroll in courses at any time with no wait for a start date. The learning model is self-paced within certain maximum time limits per course. Blackstone Career Institute allows students to enroll online anytime or by phone. The office is open Monday-Thursday 9:00 am -4:00pm EST throughout the year. Holiday closures can be found at the following link: https://blackstone.edu/about-us/contact-us/

Admissions Criteria

Blackstone Career Institute enrolls all students without regard to their age, gender identity, color, race, sexual orientation, creed, religion, disability, veteran status, or citizenship status. All Blackstone students enrolled in an online program must have access to a compatible PC with Internet access. Incarcerated students must be able to receive printed materials via the USPS. Individuals with significant hearing and/or vision impairment should review our course format closely before enrolling to ensure their compatibility with BCI's education model. Our online programs and materials cannot be properly utilized if a student is unable to operate a computer. Students must provide their own software accommodations compatible with the institute's learning management system (LMS).

To qualify for admission, an applicant must meet the following requirements:

1. Complete BCI's Enrollment Agreement for admission. The agreement outlines the obligations of Blackstone and the student. The required down payment must be submitted at time of enrollment.

2. Submit information on high school completion. All students are required to have a High School Diploma or GED Equivalency Certificate to enroll in a Blackstone program. Physical or electronic evidence of this credential must be submitted to the school. Legal Nurse Consultant students must provide evidence of a Registered Nurse (RN) credential.

3. Once Blackstone has received and reviewed the agreement, the accepted applicant will receive a welcome letter with instructions on how to begin their course.

4. New students must complete a Reading Assessment as a first step in their career program. Students access this assessment through BCI's Online Student Center. Once the assessment is satisfactorily completed (grade of 70% or above), the student can begin their program lessons. Students who receive a 69% or lower are eligible for one retest.

For programs that include an on-site externship, additional requirements will apply including:

- current resume
- a valid driver's license and current auto insurance
- health history /immunization record and physical exam
- background check
- drug screen
- liability insurance
- CPR certification

Costs associated with these requirements are the responsibility of the student.
Note: Externship hours are subject to the discretion of the location and may include evenings and weekends.

It is the responsibility of the student to review their state's regulatory information and professional licensing and/or certification requirements prior to enrollment.
For more information, visit **https://blackstone.edu/about-us/state-licensing/**

Tuition and Fees

Blackstone Career Institute offers interest-free monthly payment plans. However, the school does not participate in federal financial aid. See our website https://blackstone.edu/education-to-fit-your-lifestyle-and-budget/ for tuition pricing on all our programs. A schedule of optional fees is found https://blackstone.edu/tuition-protection-policy Optional fees are non-refundable.

Students entitled to Veterans Education Benefits including Chapter 31, Vocational Rehabilitation and Employment, or Chapter 33, Post 9/11 GI Bill ® benefits are able to participate in their selected program while awaiting payment from the Department of Veterans Affairs if the student has provided a Certificate of Eligiblity or Statement of Benefits obtained from the VA.

Student Tuition Protection and Refund Policy

Blackstone Career Institute is confident that the course you have selected will be everything we advertise. To assure you of this, we provide this cancellation and refund policy. A student may cancel or withdraw from the program by notifying the school in any manner; a written request is recommended. All monies will be refunded if your application is rejected by BCI. If you cancel within 5 days from the signature date on your Enrollment Agreement, all monies will be refunded. If you cancel or withdraw after 5 days from the signature date of your Enrollment Agreement, but prior to receipt by the school of your first lesson, you are obligated to pay a registration fee of 15% of tuition or $150, whichever is less. The registration fee is included in the total cost and is assessed at the time of cancellation or withdraw. If you cancel or withdraw after submitting the first lesson, you are obligated to pay the school the registration fee, plus a percentage of tuition as follows:

1. Up to and including 10% of the lessons, 10% of the tuition.
2. After submitting more than 10% up to and including 25% of the lessons, 25% of the tuition.
3. After submitting more than 25% up to and including 50% of the lessons, 50% of the tuition.
4. After submitting more than 50% of the lessons, you owe the school the full tuition.

Students who wish to cancel or withdraw their enrollment with Blackstone and have a balance due, will have their terms payment processed through their existing credit or debit card account. A reinstatement fee of $75.00 will be required for the reactivation of any enrollment if requested within 180 days from initial cancellation or withdraw. Refunds are processed within 30 days to the payee of record. All materials, and e- books are non-refundable. Termination date is the date student requests cancellation or withdraw. For a sample refund calculation, please visit https://blackstone.edu/tuition-protection-policy/

Technology Requirements
Minimum System Requirements
- 2 core 1.5 GHz processor/CPU
- 4 GB memory/RAM
- 128 GB hard drive/HDD
- Windows 7 32-bit for PC or OSX Catalina 64-bit for Mac
- 1.8 Mbps internet speed

Recommended System Requirements
- 4 core 1.5 GHz processor/CPU
- 8 GB memory/RAM
- 128 GB solid state drive/SSD
- Windows 10 64-bit for PC or OSX Monterey 64-bit for Mac
- 10 Mbps internet speed

Software Requirements
- PDF viewing software such as Adobe Reader or Foxit Reader
- Word processing software such as Microsoft Office or Google Suite
- Updated Internet browser such as Google Chrome, Firefox, Microsoft Edge, or Safari
- Active Email account

International Students

Students living in Hawaii, Alaska, and students living outside the contiguous U.S. must contact the school prior to enrollment to determine shipping costs. Blackstone Career Institute cannot accept enrollment from EU countries. Tuition payment must be paid in U.S. funds. International students are required to participate in the full payment plan. Contact Blackstone for specific details at 800-826-9228 or email info@blackstone.edu. Additional fees for shipping, handling, and applicable custom duties will be calculated on the weight of the course materials being sent and the shipping address location.

Acceptance of Credits

Tuition reduction will be considered for equivalent college coursework earning a B or better, completed within two years preceding entrance into Blackstone Career Institute. Determination of credit will be made by Blackstone's Education Department upon receipt and evaluation of an official school transcript and course description prior to enrollment. Once the amount of financial credit is determined, it will be applied to the student's account. Students are still required to complete all academic exams and assignments, regardless of approved credits.

Transfer of Credits

Blackstone Career Institute does not guarantee the transferability of its credits to any other institution unless there is a written agreement with another institution. The acceptance of transfer academic credits to another institution is determined by the receiving institution. Institutions individually establish criteria for transfer credit acceptance based on many factors, including but not limited to course content, degree or non-degree courses, final grade, credits per course and age of credits. Courses in BCI's diploma programs may or may not transfer to other institutions and depends solely on the receiving institution's criteria and determination. Blackstone Career Institute does not imply or guarantee the transferability of credits from its Diploma and Certificate programs.

Accommodations Policy

The Americans with Disabilities Act (ADA) of 1990, as amended, protects individuals with disabilities from discrimination. Blackstone Career Institute (BCI) complies with the terms and conditions of the Americans with Disabilities Act. Reasonable accommodations are provided to qualified students with disabilities. The ADA does not require institutions to take action that would fundamentally alter the nature of its programs or services, compromise essential requirements of a course or program, or impose an undue financial or administrative burden which is deemed reasonable and customary.

All BCI students enrolled in an online program must have access to a compatible PC with Internet access. Individuals with significant hearing and/or vision impairment should closely review the course format before enrolling to ensure their compatibility with BCI's education model. BCI's programs and materials cannot be properly utilized if a student is unable to operate a computer.

BCI accepts all reasonable accommodation requests via email: info@blackstone.edu Attn. Education Department. For a request to be processed, it is the student's responsibility to provide the following documentation:

Name, program/course, phone number, email, medical/healthcare documentation signed by the professional within 5 years of today's date, accommodation requested, reason for accommodation, signature, date.

All completed requests for accommodation will be reviewed by the Education Department within five business days. A response email that outlines what accommodations (if any) have been approved, and the process for delivering the approved accommodations will be sent to the email supplied.

STUDENT SERVICES

Student Orientation

Once enrolled, students receive the following information to begin their studies with Blackstone Career Institute:

• Student Identification Number

• Student Handbook

• Guidelines for the Online Student Center

• Program Outline

• First Lesson Materials

All lessons and study guides included in your online program are accessed online. If textbooks or electronic textbooks are included in your program they will be sent to you at the time outlined in your program.

Students are required to read an instruction document which is located in the Online Student Center before starting their program. A video tutorial of the Online Student Center is also provided. In addition, all students enrolled in Blackstone career courses must complete a skills for success lesson at the beginning of their program. Blackstone's Skills for Success lesson was developed to introduce new students to the Blackstone learning format. It contains an extended introductory section outlining the policies already stated in our student handbook and welcome packet documents. We developed this lesson in order to help students identify what kind of learner (visual, auditory, etc) they are, and how to tailor their study habits accordingly. Skills for Success also teaches students effective study practices like diagram creation and memory tricks.

Due to the online nature of our courses we include a section that reviews the typing skills of the student. When a student finishes the Skills for Success lesson, they are equipped with tools they need to confidently complete a Blackstone career program.

Change of Contact Information

In order to receive information essential to your studies, you must promptly report all changes in name, mailing address, or e-mail address to Blackstone by telephone, e-mail or mail. A change in name will require proof, such as a marriage license. Blackstone is not responsible for reshipment or replacement costs of course materials if an address change has not been received by the school.

Payments

Payments are automatically deducted from your credit/debit card on a monthly basis. Additional payments can be made online, by phone or by mail. Student ID numbers must be included on all payments. If mailing a payment please send it to:

Blackstone Career Institute
P. O. Box 3717
1011 Brookside Rd, Suite 300
Allentown, PA 18106

Blackstone Career Center

BCI's online Career Center provides valuable information for job seekers, with information specially geared to assist graduates of the career training programs. The Career Center can be found at **https://blackstone.edu/career-center/**. The career center is organized into three areas: Legal Careers, Allied Health, and Service Careers.

The Career Center will help you learn how to coordinate your job search, find resume writing and interviewing tips, become skilled in networking, and make yourself marketable to employers.

Employment, job placement or salary/salary ranges are not guaranteed to graduates upon program completion.

POLICIES AND PROCEDURES

Program Schedules

The time limit for the completion of lesson assignments depends upon the program or course in which you are enrolled and will either be six months or one year from your official start date. If additional time is needed an extension may be granted if requested in writing, by phone, or by e-mail.

Career Diploma programs can be completed within four (4) months, students are permitted up to twelve (18) months from date of enrollment to complete their program. Students may request two (2) 6-month extensions for a nominal fee.

Setting a Study Schedule

Here is an easy way to make a study schedule:

1.   How many lessons in your program or course?   _____

2.   Number of weeks to complete a lesson?   _____

   •   If you can study 1 hour a day - 2 weeks.

   •   If you can study 2 hours a day - 1 week.

   1. _____ x 2. _____ = _____

   (number of lessons)   (number of weeks to   (completion time)

                          complete a lesson)

Academic Progress

Blackstone Career Institute's programs are self-paced independent study programs with support from faculty and staff. BCI's asynchronous learning model allows students to complete coursework at their own pace with a set completion date. To maintain satisfactory academic progress, students are expected to meet the following qualitative and quantitative standards:

•   Submit a lesson every 30-45 days

•   Maintain a minimum 70% grade average.

•   Complete their program within 150% of the published length of the program.

BCI reserves the right to discontinue the training of any student who does not meet quantitative or qualitative standards. To ensure students are participating in the course curriculum, student accounts are screened on a weekly basis to identify missing grades, assignments, or underachieving students. If a student fails to maintain the school's standard of progress for two consecutive units, the Education department contacts the student to identify any issues and provide assistance. If no response is received, the student will be notified that they are being put in an inactive status for 90 days. If the student does not respond or submit a lesson within that time frame, the student will be informed that they will be withdrawn from the program according to the refund policy.

Exams and Grading

Upon conclusion of each lesson or study unit, using a unique username and password, students complete and submit exams through the school's Online Student Center. Grade Reports provide instant feedback and can be viewed in the Online Student Center. Assignment and project results are emailed or mailed to the student.

In order to maintain fairness, consistency, and accuracy, BCI relies on the following:

• Grading rubrics are used where applicable, to ensure fairness and accuracy in grading projects and homework assignments

• The Education Department ensures the course material provided supports the objectives being assessed.

• Online examinations are built on a secure platform and graded automatically

• Feedback is provided to the student when assignments are graded

• Students may dispute a grade recieved by contacting the school

Exam Results: BCI's Online Student Center delivers examinations to students. A secure username and password is provided to each student and ensures security for both the student and BCI. Because online examinations are automatically graded, students have access to their score immediately.

Assignment Results: Students are notified of graded assignment results via mailed or emailed grade reports. Student Services regularly checks student accounts for missing assignments and will notify the student via email to encourage assignment submission.

Retesting

Students who receive 69% or lower on any exam will be eligible for a retest. Blackstone's policy is that any student who passes a retest may not score higher than 70%, no matter what grade they received on the retest. Students who fail to achieve a minimum passing grade (70%) on a retest will receive the higher grade of the two failed exams and the score will be calculated into the final average. No further retesting is available.

Grading System

Examinations are scored on a straight numerical basis. Once a student has completed all of the lessons in a program or course, the final grade is determined by averaging all the lesson grades together. The equivalent letter grade is determined by the following scale:

Letter Grade		Numerical Equivalent
A	Excellent	94-100
B	Good	86-93
C	Satisfactory	78-85
D	Passing	70-77
F	Failing	Below 70
W	Withdrawal	

Homework assignments or projects, if included in your program, are graded on a satisfactory vs. unsatisfactory basis. Students are required to resubmit an unsatisfactory assignment. Homework grades are not calculated into your average; however, satisfactory completion of all assignments is required for graduation.

Grade Disputes

A student may contest a grade by contacting the school, preferably via email to instructor@blackstone.edu. If the student does not feel the response and explanation resolves his or her question or complaint, the student may request that the Director of Education review the complaint and make a final decision.

Program/Course Interruption

If students need a temporary leave of absence from their program, a request should be made in writing to Blackstone. One three-month leave of absence will be granted for good cause. A leave of absence does not extend the required time for completion.

Online Student Center Discussion Board Acceptable Use Policy

Students can post comments on a variety of topics pertaining to their program, but they are prohibited from sharing exam answers or discussing specific exam material. BCI expects their students to respect each others' opinions and to refrain from inappropriate language. We reserve the right to delete any comments that we feel are inappropriate for the student community. If students are not staying within our guidelines, we will remove their posting privileges for 30 days. They can be reinstated after that time period.

Academic Records

Blackstone Career Institute complies with the Federal Education and Privacy Act of 1974, as amended. This act is designed to protect the privacy of educational records, to establish the rights of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings.

A student who believes that an error has been made in assignment of a grade must initiate contact with the school within 30 days from the date the grade was posted. Failure to act within 30 days disqualifies the student from further consideration of the matter. Students are responsible for reporting any other type of error on their academic record. Blackstone Career Institute is not liable for unreported errors on student records.

Complaint Resolution

If a student has a question or problem, please contact the Blackstone Student Services staff. If the problem is not resolved, you may direct your complaint in writing to the Chief Operating Officer who will respond within 10 business days. Concerns that have not been satisfactorily resolved by the Blackstone staff may be directed to:
1) Pennsylvania State Board of Private Licensed Schools, Division of Law Enforcement Education and Trade Schools, Pennsylvania Department of Education, 607 South Drive, Floor

3E, Harrisburg, PA 17120, Phone: 717-783-8228,
2) Distance Education Accrediting Commission, 1101 17th Street, NW, Suite 808, Washington, DC 20036, Phone: 202-234-5100, https://www.deac.org/

Lexis®

For students in the Legal Assistant/Paralegal Program, Blackstone includes four months of access to the Lexis® Research System. The student membership includes an online tutorial, a 24-hour help line and a step-by-step Lexis® learning guide. Lexis provides online access to state and federal case law; codes and statutes; extensive case summaries, court documents; over 3.5 billion public records; business, legal, and regional news; expert commentary on the law; Shepard's® Citations Service; and more. Students will also complete online modules on LexisLearn® to receive additional training.

Honors Program

The Honors Program is for recognition of Blackstone Career Institute's highest achieving students in the career training programs. Any student who attains a final average of 94–100% at the end of their career training program will qualify as graduating "with Distinction." The diploma issued upon graduation will note this honor.

Graduation and Completion Documents

Upon successful completion of their program the student is awarded a transcript and a diploma or certificate. In order to earn a diploma or certificate, a student must achieve a minimum overall average of 70% in the program or course. A diploma or certificate and an official transcript of record are furnished to the student at the conclusion of their program or course without charge. For additional copies, a nominal fee is charged.

Student Identity Verification

The student identity verification policy enables BCI to verify that the student who registers in a course or program is the same student who participates in and completes the course or program. All students are assigned an individual Student Identification Number (ID) and secure login credential at the time of enrollment. These assigned identifiers are used to access BCI's Online Student Center.

Students who have forgotten their password or request to change their password must contact Student Services. The Student Services representative will ask the student to confirm identifying information before updating the password.

Appropriate use of technology is the student's responsibility. Students should take precautionary measures to keep login credentials secure and make arrangements to change password credentials periodically or in the event a breach is suspected.

Academic Integrity

Student Code of Conduct

Blackstone Career Institute maintains a Student Code of Conduct to protect the rights of students, faculty, staff, and Blackstone itself. Blackstone Career Institute students are required to adhere to the following policies in their academic and personal conduct.

Students must:

1. Be respectful and courteous to fellow students, faculty, and staff.
2. Accept responsibility for their own actions.
3. Adhere to all policies that appear in Blackstone catalogs, student handbooks, study materials, website and enrollment agreements.
4. Never misrepresent the school or its staff in online social communities.
5. Follow all rules on submitting work and taking examinations.
6. Not use others work, or present another individual's ideas as their own.
7. Not seek, receive, or give unauthorized help on assignments, quizzes, or examinations.

Academic Honesty

Each student doing their own work is the basis of independent study. Since students study at their own pace and schedule their own exams, there should never be any undue pressure when taking an exam. Blackstone does encourage students to be fully prepared prior to taking any exam. The objective is to learn and understand the materials you are studying. Any student suspected of academic dishonesty will be suspended from the program. There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are intended to serve as examples of unacceptable academic conduct.

Cheating: Any inappropriate activity in which the work submitted to the school does not represent the work of the enrolled student. This would include submission of someone else's work, submission of answers obtained through inappropriate measures, or providing answers to another student.

Plagiarism: Using another person's ideas or finished work as your own without giving credit to the source. It includes copying or paraphrasing something and using it as if you had done the work yourself.

Fabrication: Falsifying or inventing information and presenting it as legitimate; misrepresenting oneself or one's status, potentially damaging Blackstone's reputation or any of the members of its academic community.

Facilitating Academic Dishonesty: Assisting another student in an act that violates the standards of academic honesty; providing information, material, or assistance to another person knowing that it may be used in violation of academic honesty policies; providing false information in connection in any academic honesty inquiry.

Online Etiquette (Netiquette)

Netiquette refers to proper and polite ways to communicate with others when using the internet. The current laws to protect the rights and dignity of citizens apply online. Follow the same responsible and respectful behaviors online that are acceptable when connecting in person. In simple terms this means that the values society has in place against such things as hate speech, copyright violations and other forms of theft remain intact.

Student Code of Conduct Violation

The Student Code of Conduct applies to all Blackstone Career Institute students. Failure to comply will automatically be referred to the Education Director for review and recommendations. If any student is found to have engaged in academic dishonesty in any form — including but not limited to cheating, plagiarizing and fabricating — that student will be dismissed from Blackstone Career Institute. There will be no exceptions.

Information for California Students

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

GENERAL INFORMATION

Administrators, Faculty and Staff

Our faculty includes instructors with years of practice in teaching and developing distance education programs. Their educational and professional backgrounds, as well as memberships in professional organizations, give them access to the most up-to-date training and changes in the field.

Staff

Name	Title

Jill Noonan, RN, JD	Legal Nurse Consultant Adjunct Faculty

How to Contact Us

Your success is important to us. If you have a question about your account or need help with your studies, our friendly staff is here to help you. We take pride in delivering outstanding service and our staff can be counted on to assist you in your program.

There are two ways to contact us:

1. For questions related to your coursework, you may reach us by e-mail at **instructor@blackstone.edu**. Tell us what lesson you are studying, the page number, exam/question number, and how we can help. For general inquiries regarding your student account, payments, etc., please email the Student Services staff at **info@blackstone.edu**. Please include your Student ID number on all email correspondence. You will receive a response within one business day.

2. You may call the school Monday through Thursday during the hours of 9:00 A.M.–4:00 P.M. (EST). If you call after hours, please leave a message with your name, Student ID number, and information regarding the question or issue. Also, let us know the best time to call you back. Our phone number is **(800) 826-9228**.

The Blackstone Online Community

As a distance education student, you may be wondering how you can communicate with fellow students and keep in touch with your school. Blackstone has several ways for you to become engaged in our community, including:

- Discussion boards and chat rooms in our Online Student Center.
- A growing Facebook group that you can use to network with current students and alumni

- An online blog that offers useful information and tips for career success, as well as school news

Privacy Policy

Blackstone Career Institute (BCI) recognizes the importance of protecting the privacy of our students and visitors to Blackstone. By viewing and utilizing this site, you are accepting Blackstone's Privacy Policy, along with the collection and use of information.

Described below, our privacy policy explains what information may be collected, how this information may be used, appropriate disclosure of the information, as well as your rights regarding any review, correction, or deletion.

Rights to the User
- Right to be informed
- Right of access
- Right of rectification
- Right to erasure
- Right to restrict data processing
- Right to data portability
- Right to object

Collection of Information

Our site has the ability to collect two types of information, general and personal. General informa-

tion contains non-personal data from visitors to our website. This information is used for general purposes only and in ways that do not identify the individual user. This information may include statistical data such as location, time of visit, day the visit was made, and the visit path.

The second type of information collected is specific to the visitor and would include information provided by the user. This information would include your e-mail address, name, street address, and any contact information provided.

Blackstone uses technology called "cookies" to collect much of the information described above. Our cookies do not access, collect, or reveal any personal information stored on your personal computer. Disabling your Internet Browser to prevent cookies will prevent your ability to function on our website.

Blackstone may be required to collect additional information from students using government or military funding (MyCAA, GI Bill, etc.), including their VA file number and/or social security number.

If you are an international student or using our site from outside the United States, Blackstone would like to make you aware that you are sending your information to the United States where our servers are located locally. This information may be transferred within the United States, or to other countries outside your country where you reside. It is possible that these countries, which would include the United States, may not have laws for data protection that are as compendious or protective as the laws in your country of residence. However, Blackstone's collection of data and the storage of it will be supervised by this Privacy Policy.

Examples of Information Collected

Identity information – name, contact details (address, phone, etc.), account details (username/password)

Financial information – credit or debit card information

Demographic information – age, gender, education level, etc.

Student Educational Records – proof of prior education verification, exam and assignment submissions, grade information

Information for government or military-funded programs – social security and/or VA file number, eligibility or approval documentation from the program

Use of Information

The collection of information is used primarily for the improvement of services to our students. Information you provide voluntarily through our online request forms and enrollment agreements will be used to process those requests. E-mail inquiries will utilize the e-mail address provided for any appropriate correspondence.

The people who have access to student and prospective student information are
Blackstone Career Institute authorized employees.

As a privately licensed school in the state of Pennsylvania, Blackstone is required through the Pennsylvania Department of Education (PDE) to retain graduated student information for a minimum of 50 years. All student records are stored based on accepted business practices, educational licensure and accreditation requirements, and applicable state and federal laws.

Privacy Pledge

On occasion, Blackstone will make our list of contact and student directory information available to reputable business and academic associates. If you wish to be excluded simply notify B.C.I., Student Services at:

Blackstone Career Institute
Attn: Student Services
P.O. Box 3717
Allentown, PA 18106-3717

Email: info@blackstone.edu

Hours: Monday-Thursday, 9:00 am-4:00 pm EST.

Informational Access

Maintaining our system with complete, current, and accurate information allows Blackstone to provide our students with exceptional service. Students are asked to keep in contact with Blackstone to ensure their information remains relevant. All personal information provided by you can be viewed upon request, with the availability of corrections and/or deletion of incorrect information.

Individuals who provide their information to Blackstone who are not enrolled with the school can request to have their information deleted from the database.

Security

Blackstone currently utilizes GoDaddy.com, Inc. to provide secure transmission of all enrollment agreement activities including online payment information. We also use established industry-standard security measures to protect all information services. While we strive to provide 100% security for all transmissions, we cannot guarantee that all general information submissions will be completely secure. Unauthorized modification or misuse of information stored within our website or operating systems will be investigated and may result in criminal prosecution.

BCI utilizes Authnet's CIM system to secure credit card data and no customer financial data is stored online or in our internal servers.

BCI ensures the instructional technology is up-to-date, reliable, and is properly maintained through the constant monitoring of delivery software and hardware and by using an Amazon web server and WP Engine to host its web properties. These companies use the latest technology and provide consistent updates to ensure security and reliability. BCI continually reviews new and emerging technologies for possible implementation.

Blackstone's student database has several features to ensure the accuracy of student record-keeping. All staff members are assigned unique individual login codes which help management track which staff members have made changes in the database. Individual staff members' ability to perform certain functions is limited by their authorization status, with management having ultimate control over all functions. Management has the ability to review student electronic records to ensure that their accuracy is being maintained. Electronic records are backed up digitally and are encrypted using the latest encryption technology. A copy of the backup is stored off-site.

BCI uses the following procedures for ensuring security, maintenance, and protection of student records:

- Applicants for employment are interviewed and screened not only for their qualifications and ability to perform the functions of the position, but also for character and personality traits that indicate the applicant is honest and ethical.

- Staff are required to adhere to all policies, including FERPA requirements.

- Student Service staff are required to verify the student's identity prior to releasing personal or sensitive information.

- All physical documents are kept in locked file cabinets, under fire suppression, or shredded if necessary.

Google

Google, as a third party vendor, uses cookies to serve ads on our site. Google's use of the DART cookie enables it to serve ads to our users based on their visit to our site and other sites on the Internet. Users may opt out of the use of the DART cookie by visiting the Google ad and content network privacy policy. We have implemented the following:

- Remarketing with Google Analytics/Google AdWords

- Google Display Network Impression Reporting

- Demographics and Interests Reporting

We along with third-party vendors, such as Google use first-party cookies (such as the Google Analytics cookies) and third-party cookies (such as the DoubleClick cookie) or other third-party identifiers together to compile data regarding user interactions with ad impressions, and other ad service functions as they relate to our website.

Opting Out

Users can set preferences for how Google advertises to you using the Google Ad Settings page.

CAREER DIPLOMA PROGRAMS

Legal Assistant/Paralegal Program Overview
(30.5 sem. credit hours / 31 lessons)

The Blackstone Legal Assistant/Paralegal Studies independent study program is based on the historic Modern American Law series developed by legal scholars and designed to provide a simple, yet authoritative, commentary on the law (Volumes I - X). Starting out with an overview of the origins of the legal system in the United States, the program moves on to cover contracts, torts, criminal law, real property, pleadings and practice in civil law and criminal procedure, wills and trusts, partnerships and corporations, and constitutional law. These volumes are supplemented with study materials and textbooks that provide the student with the additional skills they need to enter the paralegal field, including research and writing skills and a background in professional ethics.

The program will provide graduates with a strong foundation in the fundamentals of the law in preparation for a career in the paralegal field. Graduates are prepared for entry-level employment as a legal assistant or paralegal. After coursework completion, Blackstone graduates are eligible to sit for the Certified Paralegal Examination (CP), administered by the National Association of Legal Assistants (NALA). Certification will help you meet employer requirements, access better career opportunities, and maximize earning potential.

Program Outcomes

- Define law and identify basic legal terms
- Explain legal concepts related to contracts
- Outline the aspects of torts
- Identify legal cause, negligence, and deceit
- Demonstrate an understanding of civil and criminal defamation
- Explain the legal definition of property and describe damages
- Distinguish a crime from a tort and list the three classes of crime
- Describe larceny and identify the three degrees of larceny
- Identify legal terms related to real property
- Provide examples of actions to recover damages in civil suits
- Identify legal terms related to civil actions
- Identify legal terms related to criminal procedure
- Explain the process of criminal procedure
- Explain legal concepts related to wills
- Describe legal concepts related to trusts and trustees
- Explain how partnerships and corporations are formed
- Discuss the elements of constitutional law
- Conduct online legal research using Lexis® legal research system
- Identify effective job-search techniques for legal assistants/paralegals
- Describe common ethics related to the paralegal profession

Legal Assistant/Paralegal Program Outline

Volume I: Law - Its Origin, Nature and Development, & Contracts

Veterinary Assistant Program Overview
(17 sem. credit hours / 17 lessons)

The Veterinary Assistant Program discusses the fundamentals of the veterinary assistant as a member of the veterinary care team. The program covers veterinary anatomy and medical terminology, veterinary office administrative office skills, animal care and handling, office technology, English usage and written communication, time and stress management, critical thinking skills, interpersonal communications, and job hunting in the animal care field. Graduates are prepared for entry-level employment as a veterinary assistant in a variety of animal care settings.

Program Outcomes

- Identify common learning strategies
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Describe how computers, internet and electronic communication impact the workplace today
- Define common veterinary medical prefixes, suffixes, and roots as well as terms describing body location and direction
- Describe the anatomy and physiology of animals and their body systems, including the lymphatic, musculoskeletal, cardiovascular, respiratory, neurologic, alimentary, urinary, reproductive, and endocrine systems; blood, the skin, the eyes, and the ears; and pharmacology
- Employ effective oral communication skills
- Develop critical thinking skills
- Examine the business aspects of running a veterinary practice, including receptionist duties, marketing, management, and human resources
- Discuss client communications, including interaction with a grieving pet owner
- Demonstrate the effective handling of front office duties, including inventory management, billing, budgeting, security, and pet insurance
- Review clinical veterinary assisting, including animal restraint and care
- Apply time mastery and productivity skills in professional and personal settings
- Explain the principles of effective management
- Compose effective resumes and cover letters
- Consider ways to proactively search for work as a veterinary assistant

Child Care Provider Program Overview
(17 sem. credit hours / 17 lessons)

The Child Care Provider Program discusses the fundamentals of early childhood education, the child care profession, and developmentally appropriate practices for dealing with children from infancy through school age. The program also provides instruction on office technology, English usage and written communication, time and stress management, management theory, critical thinking skills, and interpersonal communications. The program prepares graduates for entry-level employment as a Child Care Provider worker and provides guidance for starting a home-based day care.

Program Outcomes

- Identify common learning strategies
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Describe how computers, internet and electronic communication impact the workplace today
- Describe the developmental milestones of infants and children
- Create a safe and healthful environment for infants and children
- Create a variety of learning experiences for children using all of the senses
- Work with parents and other community resources to plan engaging curriculum
- Guide children through daily routines
- Develop effective oral communication skills
- Develop critical thinking skills
- Apply time mastery and productivity skills in professional and personal settings
- Plan for the start-up and maintenance of a home-based day-care business
- Discuss the principles of effective management
- Compose effective resumes and cover letters
- Consider ways to proactively search for work as a child care worker

Medical Transcription Program Overview
(18 sem. credit hours / 18 lessons)

The Medical Transcription program prepares the student for entry-level employment as a Medical Transcriptionist in a medical office, clinic, hospital, or home. It discusses the fundamentals of medical transcription; the medical transcription profession; the practice of medical transcription including disease processes, medical terminology, and pharmacology; English usage and written communication; and finding a job in healthcare. Blackstone's Medical Transcription program includes a voucher for the RHDS exam given by the Association for Healthcare Documentation Integrity (AHDI) , RHDS exam guide, and an AHDI Student Membership. Those passing the RHDS examination earn the Registered Healthcare Documentation Specialist (RHDS) credential.

Program Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Define common medical prefixes, suffixes, and roots
- Identify common healthcare and medical reports
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Describe the purpose and components of a healthcare record
- Demonstrate knowledge of guidelines for editing and transcription
- Identify common diseases, diagnostic and surgical procedures, laboratory tests, and drugs used to treat disorders and diseases related to dermatology, cardiology, pulmonary medicine, endocrinology, orthopedics, urology, gastroenterology, obstetrics and gynecology, otorhinolaryngology, ophthalmology, neurology, psychiatry, pathology, and radiology
- Demonstrate knowledge of proper business etiquette
- Discuss the importance of medical ethics
- Perform accurate transcription from sample dictation
- Compose effective resumes and cover letters
- Consider ways to proactively search for work as a medical transcriptionist

Medical Office Assistant Program Overview
(18 sem. credit hours /18 lessons)

The Medical Office Assistant program prepares students for entry-level employment as a medical office assistant. It discusses the fundamentals of medical terminology, the duties of the medical office assistant, the role of the medical office assistant in providing patient care, professional development and medical ethics, English usage, and finding a job in healthcare.

Blackstone Medical Office Assistant graduates are eligible to sit for the Certified Medical Administrative Assistant (CMAA), sponsored by the NHA (National Healthcareer Association)®. Certification will help you meet employer requirements, access better career opportunities, and maximize earning potential.

Program Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Identify common word elements in medical terms
- Identify common medical terms related to the organization of the body and the various body systems
- Analyze medical terms to determine their meaning
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Evaluate written communications to identify problems and suggest solutions
- Apply time mastery and productivity skills in professional and personal settings
- Describe the duties of a medical office assistant
- Demonstrate the correct way to schedule appointments, interact with patients over the telephone, interact with patients in the reception area, register patients, file documents and records, and process mail in the medical office
- Identify common health insurance systems used in the medical office
- Differentiate between a healthcare record and a medical report
- Describe the medical office assistant's role in managing prescriptions and prescription drugs
- Compose effective resumes and cover letters
- Consider ways to proactively search for work as a medical office assistant

Medical Office Program Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Introduction to Computers, the Internet and Electronic Communication

Chapter 1: Introduction to Computers
Chapter 2: The Internet
Chapter 3: Electronic Communication

Unit III: Anatomy and Medical Terminology 1: An Introduction

Module 1: Concepts, Suffixes, and Prefixes
Module 2: Body Structure
Module 3: Disease and Treatment
Module 4: Body Systems: Integumentary

Unit IV: Anatomy and Medical Terminology 2

Module 5: Body Systems: Skeletal
Module 6: Body Systems: Muscular
Module 7: Body Systems: Nervous and Mental Health
Module 8: Special Senses: Ears and Eyes

Unit V: English Usage and Written Communication

Chapter 1: Parts of Speech
Chapter 2: Parts of a Sentence
Chapter 3: Pronouns, Verbs, and Agreement
Chapter 4: Sentence Types and Punctuation
Chapter 5: Written Communications

Unit VI: Time & Stress Management

Chapter 1: LifeTime Patterns (Values)
Chapter 2: The Power of LifeTime Habits
Chapter 3: Goals, Objectives, and Outcomes
Chapter 4: Choosing Your Priorities
Chapter 5: Planning and Scheduling Activities
Chapter 6: Interruptions, the #1 TimeThief
Chapter 7: TimeLogs
Chapter 8: TimeTips
Chapter 9: Self-Esteem and Time Management
Chapter 10: Stress Management

Unit VII: Anatomy and Medical Terminology 3

Module 9: Body Systems: Endocrine
Module 10: Body Systems: Cardiovascular and Lymphatic
Module 11: Body Systems: Blood and Immunity
Module 12: Body Systems: Respiratory

Unit VIII: Anatomy and Medical Terminology 4

Module 13: Body Systems: Digestive
Module 14: Body Systems: Urinary
Module 15: Body Systems: Male Reproductive
Module 16: Body Systems: Female Reproductive - Pregnancy and Birth

Unit IX: Administrative Medical Assisting 1

Chapter 1: The Professional Medical Assistant and the Healthcare Team
Chapter 2: Therapeutic Communication
Chapter 3: Legal Principles
Chapter 4: Healthcare Laws
Chapter 5: Healthcare Ethics
Chapter 6: Introduction to Anatomy and Medical Terminology
Chapter 7: Patient Coaching

Unit X: Administrative Medical Assisting 2

Chapter 8: Technology
Chapter 9: Written Communication
Chapter 10: Telephone Techniques
Chapter 11: Scheduling Appointments and Patient Processing
Chapter 12: Health Records
Chapter 13: Daily Operations and Safety
Chapter 14: Principles of Pharmacology

Unit XI: Professional Development and Medicolegal Ethics

Chapter 1: Professional Development
Chapter 2: Medicolegal Ethics
Chapter 3: HIPAA for the Allied Healthcare Worker

Unit XII: Administrative Medical Assisting 3

Chapter 15: Health Insurance Essentials
Chapter 16: Diagnostic Coding Essentials
Chapter 17: Procedural Coding Essentials
Chapter 18: Medical Billing and Reimbursement Essentials

Unit XIII: Administrative Medical Assisting 4

Chapter 19: Patient Accounts and Practice Management
Chapter 20: Advanced Roles in Administration
Chapter 21: Medical Emergencies
Chapter 22: Job Seeking - Skills and Strategies

Unit XIII: Medical Office Practice 1

Module 1: Telecommunication
Module 2: Patient Registration
Module 3: Scheduling

Unit XIV: Medical Office Practice 2

Module 4: Beginning the Visit
Module 5: Coding the Visit

Unit XV: Medical Office Practice 3

Module 6: Billing the Visit
Module 7: Ending the Visit

Unit XVII: Creating an Effective Workplace Environment

Chapter 1: Aspects of a Positive Workplace Environment
Chapter 2: Communication
Chapter 3: Diversity in the Workplace
Chapter 4: Team Building

Unit XVIII: How to Find a Job in Healthcare

Chapter 1: Job Search Correspondence
Chapter 2: The Job Search
Chapter 3: Job Interviews

Dental Office Assistant Program Overview
(16 sem. credit hours / 16 lessons)

The Dental Office Assistant Program prepares students for entry-level employment as a "front-office" dental assistant. It discusses the dental team and the fundamentals of assisting in the management of the dental office, including maintaining patient records, scheduling appointments, using office equipment, and managing accounts receivable and payable. It also provides instruction in dental nomenclature and related terminology, charting the oral cavity, English usage, and finding a job in healthcare. Graduates are eligible to sit for the National Entry Level Dental Assistant certification from the DANB. Certification will help you meet employer requirements, access better career opportunities, and maximize earning potential.

Program Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Evaluate written communications to identify problems and suggest solutions
- Describe the duties of a dental office assistant
- Demonstrate the correct way to schedule appointments, interact with patients over the telephone, interact with patients in the reception area, order supplies, file documents and records, and manage accounts receivable and payable in the dental office
- Identify and define dental nomenclature and related terminology
- Chart the oral cavity
- Discuss attributes of successful teamwork
- Describe the role of a supervisor as a manager and leader
- Explain the importance of medical ethics
- Compose effective resumes and cover letters
- Consider ways to proactively search for work as a dental office assistant

Chapter 4: Forming Strong Conclusions through Predicting

Pharmacy Technician Program Overview
(18 sem. credit hours / 18 lessons)

The Pharmacy Technician program prepares students for entry-level employment as a pharmacy technician in either a retail or health-system pharmacy. It discusses the pharmacy team and the fundamentals of assisting the pharmacist, including interacting with customers, medication preparation, inventory control, and counting and labeling of medications. Instruction in medical and pharmaceutical terminology, pharmacy calculations, pharmacology, body systems and disorders, English usage, ethics and professionalism, and finding a job in healthcare is also included. Students will complete a 160 hour externship at a CVS or Walgreens Pharmacy location at the end of their program. After coursework completion, Blackstone graduates are eligible to sit for the Pharmacy Technician Certification Examination (PTCE), administered by the Pharmacy Technician Certification Board (PTCB). Certification will help you meet employer requirements, access better career opportunities, and maximize earning potential.

Program Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Define common medical prefixes, suffixes, and roots
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Apply time mastery and productivity skills in professional and personal settings
- Define anatomical and pharmaceutical terminology and identify relevant abbreviations
- Describe the duties of a pharmacy technician
- Identify the correct way to interact with customers and patients while protecting patient confidentiality
- Explain the various laws and ethical standards that affect the pharmacy technician
- Differentiate between retail and health-system pharmacies
- Identify the forms of technology utilized in the pharmacy setting
- Describe the process for inventory management and insurance billing
- Perform relevant pharmacy calculations, including dosage calculations and measurement conversions
- Discuss dosage formulations and administration, as well as the effects of drugs on the body
- Identify drug classifications
- Describe the body systems and related diseases, disorders and treatments
- Identify the different needs of pediatric and geriatric patients
- Demonstrate knowledge of proper workplace etiquette
- Explain the importance of medical ethics
- Compose effective resumes and cover-letters
- Consider ways to proactively search for work as a pharmacy technician

The following certificate courses have been designed for the purpose of professional growth, personal enrichment and continuing education. These courses have been developed from approved components of our online Career Training Diploma Programs. They are approved by our national and regional accreditors, however they are separate from our Pennsylvania licensure.

Torts, Criminal Law & Procedures Course Overview

The Torts, Criminal Law & Procedures certificate course is designed for legal professionals to learn more about the issues affecting society and their legal ramifications. It discusses the complex subject of torts, and how torts are civil wrongs committed against individuals and against people in general. The various classes of wrongs, such as negligence and defamation, are covered. Students will also discover the difference between such civil injuries and crimes, including homicide, larceny, kidnapping, and extortion. Pleadings and practice in civil actions and criminal procedure are also explored, explaining how cases are presented in court and defended. Finally, this course covers critical thinking skills, which are needed when attempting to integrate the information covered into professional life.

Course Outcomes

- Identify common learning strategies
- Outline the aspects of torts
- Identify legal cause, negligence, and deceit
- Demonstrate an understanding of civil and criminal defamation
- Distinguish a crime from a tort and list the three classes of crime
- Describe larceny and identify the three degrees of larceny
- Provide examples of actions to recover damages in civil suits
- Identify legal terms related to civil actions and criminal procedure
- Explain the process of criminal procedure
- Develop critical thinking skills

Torts, Criminal Law & Procedures Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Torts

Lesson 1: Torts: An Introduction
Lesson 2: Negligence
Lesson 3: Defamation and Damages
Lesson 4: Right of Privacy and Relationships

Unit III: Criminal Law

Unit IV: Pleadings and Practice in Civil Actions, Criminal Procedure

Unit V: Critical Thinking Skills

Foundations of Legal Research Using Lexis ® Course Overview

The Foundations of Legal Research Using Lexis® course is designed to help you expand your research capabilities, improve your writing skills, and learn the ins and outs of computer-assisted legal research. Using Lexis®, the leading online legal, news, and business information service for paralegals and lawyers, you will gain a solid foundation in the principles and practice of Legal Research and Writing. Blackstone's accredited online Legal Research using Lexis® is designed to prepare students to assist attorneys as they draft and establish formal documentation for their casework.

Course Outcomes

- Identify common learning strategies
- Demonstrate an understanding of basic grammar, proper punctuation and sentence structure to compose professional written communication
- Describe the role paralegals play in conducting research
- Explain the difference between a primary and secondary source
- Discuss the different types of primary sources
- Describe legal research, writing, and revising processes
- Compose sample legal documents
- Conduct online legal research using the Lexis® legal research system

Chapter 1: Introduction to the Law and the U.S. Legal System
Chapter 2: Primary Sources
Chapter 3: Secondary Sources
Chapter 4: Computer-Assisted Legal Research
Chapter 5: Conducting Legal Research
Chapter 6: Updating and Verifying Legal Research
Chapter 7: Legal Analysis

Unit III: Legal Research and Writing Part II

Chapter 1: Introduction to Legal Writing
Chapter 2: Writing Legal Letters
Chapter 3: Legal Research Memorandums
Chapter 4: Trial Court Legal Memorandums
Chapter 5: Appellate Briefs

Unit IV: English Usage and Written Communication

Chapter 1: Parts of Speech
Chapter 2: Parts of a Sentence
Chapter 3: Pronouns, Verbs, and Agreement
Chapter 4: Sentence Types and Punctuation
Chapter 5: Written Communications

Unit V: Legal Research Using Lexis ®

• Online Tutorial
• One-on-one training with a dedicated Lexis Instructor
• Training Session 1 – Initial Case Analysis
• Training Session 2 – Cite Checking with Shepard's
• Training Session 3 – Drafting Legal Documents
• Training Session 4 – Public Records and News
• Training Session 5 – Company and Financial Information

Anatomy, Medical Terminology & HIPAA Course Overview

The Anatomy, Medical Terminology & HIPAA certificate course covers the terminology encountered in the various medical fields, including body systems and related diseases, procedures and abbreviations. Since professionalism and confidentially are both required traits of those employed in healthcare, this course examines proper procedures to follow on the job and legal requirements set in place to protect patients. This course features a full year of access to Stedman's Medical Dictionary for the Health Professions and Nursing Online with audio pronunciations, images and videos to enhance learning. A grammar and communications tutorial is also included to help students refine their business correspondence skills.

Course Outcomes

- Identify common learning strategies
- Demonstrate knowledge of guidelines for grammar, punctuation, and written correspondence
- Identify common word elements in medical terms
- Identify common medical terms related to the organization of the body and the various body systems
- Analyze medical terms to determine their meaning
- Summarize HIPAA regulations
- Explain the importance of medical ethics

Anatomy, Medical Terminology & HIPAA Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: English Usage and Written Communication

Chapter 1: Parts of Speech
Chapter 2: Parts of a Sentence
Chapter 3: Pronouns, Verbs, and Agreement
Chapter 4: Sentence Types and Punctuation
Chapter 5: Written Communications

Unit III: Anatomy and Medical Terminology 1: An Introduction

Chapter 1: Basic Elements of Medical Terms
Chapter 2: Prefixes
Chapter 3: Roots and Suffixes
Chapter 4: Body Structure

Unit IV: Anatomy and Medical Terminology 2

Chapter 5: The Skeletal System
Chapter 6: The Muscular System
Chapter 7: The Integumentary System

Unit V: Anatomy and Medical Terminology 3

Chapter 9: The Cardiovascular System
Chapter 10: The Urinary System
Chapter 11: The Digestive System
Chapter 12: The Nervous System

Unit VI: Anatomy and Medical Terminology 4

Chapter 13: The Endocrine System
Chapter 14: Eyes and Ears
Chapter 15: Blood, Lymphatic, and Immune Systems
Chapter 16: The Reproductive System

Unit VII: Medical Ethics & HIPAA

Chapter 1: Professional Development
Chapter 2: Medicolegal Ethics
Chapter 3: HIPAA for the Allied Healthcare Worker

Medical Transcription Fundamentals Course Overview

The Medical Transcription Fundamentals course prepares the student to perform medical transcription and gives practical transcription experience. It provides keyboarding skills to build typing speed and accuracy. Students will learn about the systems of the body as well as common diseases and procedures. Anatomy and medical vocabulary is also covered.

Course Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Describe the components of a healthcare record
- Demonstrate knowledge of guidelines for grammar, punctuation, editing, and transcription
- Perform accurate transcription from sample dictation
- Identify common diseases, diagnostic and surgical procedures, laboratory tests and drugs used to treat disorders and diseases
- Differentiate between a healthcare record and a medical report

Medical Transcription Fundamentals Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Introduction to Computers, the Internet and Electronic Communication

Chapter 1: Introduction to Computers
Chapter 2: The Internet
Chapter 3: Electronic Communication

Unit III: Fundamentals of Medical Transcription 1

Chapter 1: Welcome to Hillcrest Medical Center
Chapter 2: Association for Healthcare Documentation Integrity
Chapter 3: Understanding Medical Records

Unit IV: Fundamentals of Medical Transcription 2

Chapter 4: Transcription Rules for Hillcrest Medical Center and Quali-Care Clinic
Chapter 5: CMTips
Chapter 6: Report Formatting Guidelines

Unit V: Fundamentals of Medical Transcription 3

Case Study 1: Reproductive System
Case Study 2: Gastrointestinal System
Case Study 3: Cardiopulmonary System
Case Study 4: Pediatric Neurology/Orthopedics Systems
Case Study 5: Psychology/Neurology System
Case Study 6: Reproductive System/Mammary Glands
Case Study 7: Orthopedics/Endocrine Systems
Case Study 8: Vascular/Renal Systems
Case Study 9: Musculoskeletal System
Case Study 10: Respiratory System

Unit VI: Fundamentals of Medical Transcription 4

Chapter 7: Welcome to Quali-Care Clinic
Chapter 8: Chronic Care Reports

Unit VII: Fundamentals of Medical Transcription 5

Chapter 9: Speech Recognition Editing & Common Dictation Errors

Medical Office Procedures Course Overview

The Medical Office Procedures course discusses the basics about managing the front office of a medical practice, clinic or other healthcare setting. Legal and ethical issues, professionalism, communications, and common office procedures are covered. It provides keyboarding skills to build typing speed and accuracy and trains students on leading medical office billing and practice management software.

Course Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Describe the duties of a medical office assistant
- Demonstrate the correct way to schedule appointments, interact with patients by phone and in person, register patients, file documents and records, and process office mail.
- Compare and contrast types of health insurance
- Differentiate between a healthcare record and a medical report

Medical Office Procedures Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Introduction to Computers, the Internet and Electronic Communication

Chapter 1: Introduction to Computers
Chapter 2: The Internet
Chapter 3: Electronic Communication

Unit III: Administrative Medical Assisting 1

Chapter 1: Becoming a Successful Student
Chapter 2: The Healthcare Industry
Chapter 3: The Medical Assisting Profession
Chapter 4: Professional Behavior in the Workplace
Chapter 5: Interpersonal Skills
Chapter 6: Medicine and Ethics
Chapter 7: Medicine and Law

Unit IV: Administrative Medical Assisting 2

Chapter 8: Computer Concepts
Chapter 9: Telephone Techniques
Chapter 10: Scheduling Appointments
Chapter 11: Patient Reception and Processing

Medical Billing Course Overview

The Medical Billing course is designed for allied health employees who wish to expand their knowledge of medical billing. Students will learn the basics of health insurance, and working with insurance to submit claims, and collect, process and post payments to patient accounts. This course will provide information on private health insurance as well as Medicare and Medicaid, workers' compensation and disability benefits programs. A unit on computer and keyboarding skills will help build typing speed and accuracy.

Course Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Describe the duties of a medical biller
- Explain the various types of health insurance
- Examine the life cycle of an insurance claim
- Compare and contrast electronic and paper claim processes

Medical Billing Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Introduction to Computers, the Internet and Electronic Communication

Chapter 1: Introduction to Computers
Chapter 2: The Internet
Chapter 3: Electronic Communication

Unit III: Introduction to Insurance and Coding 1

Chapter 1: Role of an Insurance Billing Specialist
Chapter 2: Privacy, Security and HIPAA
Chapter 3: Compliance, Fraud, and Abuse
Chapter 4: Basics of Health Insurance
Chapter 5: The Blue Plans, Private Insurance, and Managed Care Plans
Chapter 6: Medicare
Chapter 7: Medicaid and Other State Programs
Chapter 8: Tricare and Veterans' Health Care
Chapter 9: Workers' Compensation
Chapter 10: Disability Income Insurance and Disability Benefit Programs

Unit IV: Introduction to Insurance and Coding 2

Chapter 11: Medical Documentation and the Electronic Health Record
Chapter 12: Diagnostic Coding
Chapter 13: Procedural Coding

Unit V: Introduction to Insurance and Coding 3

Medical Coding Course Overview

The Medical Coding course is designed for allied health employees who wish to expand their knowledge of medical coding. Students will learn the basics of medical coding with training in ICD-10, HCPCS II and CPT coding. Students will be able to practice their coding skills using online coding software. A unit on computer and keyboarding skills will help build typing speed and accuracy.

Course Outcomes

- Identify common learning strategies
- Describe how computers, internet and electronic communication impact the workplace today
- Describe the duties of a medical coder
- Demonstrate the use of online coding software
- Apply the correct ICD-10, HCPCS II, and CPT codes to sample cases
- Identify various body systems and code their related procedures

Medical Coding Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Introduction to Computers, the Internet and Electronic Communication

Chapter 1: Introduction to Computers
Chapter 2: The Internet
Chapter 3: Electronic Communication

Unit III: Practical Applications of Coding 1

Chapter 1: Reimbursement, HIPAA, and Compliance
Chapter 2: An Overview of ICD-10-CM
Chapter 3: ICD-10-CM Outpatient Coding and Reporting Guidelines
Chapter 4: Using ICD-10-CM
Chapter 5: Chapter-Specific Guidelines (ICD-10-CM Chapters 1-10)
Chapter 6: Chapter-Specific Guidelines (ICD-10-CM Chapters 11-14)
Chapter 7: Chapter-Specific Guidelines (ICD-10-CM Chapters 15-21)
Chapter 8: Introduction to CPT
Chapter 9: Introduction to the Level II National Codes (HCPCS)
Chapter 10: Modifiers
Chapter 11: Evaluation and Management (E/M) Services
Chapter 12: Anesthesia
Chapter 13: Surgery Guidelines and General Surgery
Chapter 14: Integumentary System
Chapter 15: Musculoskeletal System

Unit IV: Practical Applications of Coding 2

Leadership Skills Course Overview

The Leadership Skills course teaches the fundamentals of supervising and working with others, leading and motivating a team, and managing human resources. Effective leadership requires an understanding of people and diversity, an ability to adapt to change, critical thinking skills, and knowledge of decision-making and planning processes, all of which are covered in this course. Knowledge of management and human resource principles and practices will give any student or professional insight into important processes such as hiring and conflict management, and provide a good model of behavior for those in leadership positions.

Course Outcomes

- Identify common learning strategies
- Explain the traditional functions of management
- Describe the types of skills that managers need to effectively perform their jobs
- Identify guidelines for creating a positive climate and motivating employees
- Develop a solid understanding of essential communication skills
- Discuss the need for cultural awareness
- Explain the attributes to effective teamwork and developing a team
- Interpret and use critical theories
- Apply time mastery and productivity skills in professional and personal settings

Leadership Skills Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Management Practices & Principles

Chapter 1: The Supervisor: Manager and Leader
Chapter 2: Effective Communication
Chapter 3: Creating a Positive Work Climate
Chapter 4: Building Teams and Managing Conflict
Chapter 5: Delegation
Chapter 6: Developing Job Expectations
Chapter 7: Recruiting Employees
Chapter 8: Selecting Employees
Chapter 9: Orienting and Training Employees
Chapter 10: Performance Evaluation
Chapter 11: Disciplining Employees

Unit III: Interpersonal Communications

Chapter 1: Aspects of a Positive Workplace Environment
Chapter 2: Communication
Chapter 3: Diversity in the Workplace
Chapter 4: Team Building

Unit IV: Critical Thinking Skills

Chapter 1: Introduction to Critical Thinking and the PANIC Method
Chapter 2: Inference and Judgment
Chapter 3: Metacognition
Chapter 4: Forming Strong Conclusions through Predicting
Chapter 5: Rhetorical Strategies
Chapter 6: Critical Theories
Chapter 7: Deductive Reasoning
Chapter 8: Emotional Intelligence and Critical Thinking

Unit V: Time & Stress Management

Chapter 1: LifeTime Patterns (Values)
Chapter 2: The Power of LifeTime Habits
Chapter 3: Goals, Objectives, and Outcomes
Chapter 4: Choosing Your Priorities
Chapter 5: Planning and Scheduling Activities
Chapter 6: Interruptions, the #1 TimeThief
Chapter 7: TimeLogs
Chapter 8: TimeTips
Chapter 9: Self-Esteem and Time Management
Chapter 10: Stress Management

Personal Caregiver Course Overview

Blackstone's online Personal Caregiver training program is a perfect fit for individuals interested in working with the elderly, the disabled, and patients recovering from illness and injuries by maintaining their quality of life in their home environment. Learn relevant caregiving skills that can be applied to a variety of work fields within the home care and healthcare industries. Across the nation, thousands of people require personal care in settings such as home health organizations, rehabilitation centers, and home care placement services.

Course Outcomes

- Identify common learning strategies
- Develop effective oral and written communication skills as well as critical thinking skills
- Explain the responsibilities of the personal caregiver to accurately observe, record and report information about the client, family and home environment
- Identify ways of meeting client's needs in each developmental stage
- Describe the importance of medical ethics in regards to the personal caregiver

- Demonstrate the procedures for moving, positioning, and transferring clients
- Demonstrate personal care procedures such as oral hygiene, bathing, grooming and range of motion exercises
- Apply standard procedures for measuring vital signs
- Demonstrate special procedures such as heat/cold applications, medication administration, collecting specimens, oxygen use, intravenous infusions, dry dressings, and infection control
- Discuss the role of the personal caregiver in caring for clients with special healthcare needs such as the elderly, infants and children, and those with mental illnesses
- Explain how the personal caregiver meets the physical, emotional, social and spiritual needs of the dying client
- Follow appropriate emergency procedures when required

Personal Caregiver Course Outline

Unit I: Blackstone's Skills for Success

Chapter 1: Discover How You Learn
Chapter 2: Find a Place to Study
Chapter 3: Learn How to Study

Unit II: Interpersonal Communications

Chapter 1: The Supervisor: Manager and Leader
Chapter 2: Effective Communication
Chapter 3: Creating a Positive Work Climate
Chapter 4: Building Teams and Managing Conflict

Unit III: Personal Caregiver 1

Unit IV: Personal Caregiver 2

Unit V: Professional Development and Ethics

Unit VI: Personal Caregiver 3

Unit VII: Personal Caregiver 4

Ethics for Paralegals Course Overview

Blackstone's Ethics for Paralegals course provides 5 hours of CLEs for NALA and NALS-certified paralegals required to meet the legal ethics requirement for recertification. This fully online, self-paced course discusses ethical issues important for paralegals such as the unauthorized practice of law, ethical walls, fidiciary duty, and rules of confidentiality. Additional information about paralegal certification and licensing is also included.

Course Outcomes

- Explain how the paralegal profession evolved
- Describe the tasks of a paralegal
- Differentiate between legal and paralegal responsibilities
- Differentiate between certification and licensing
- List the pros and cons of licensure
- Cite advantages and disadvantages of becoming a freelance paralegal
- Elaborate on duties paralegals may perform
- Explain the rules of confidentiality relating to attorneys and paralegals
- Describe an "ethical wall"
- Define fiduciary duty
- Differentiate between billable and nonbillable hours
- Define fee splitting
- Elaborate on advertising and freelance and independent paralegals
- Describe the importance of paralegal conduct
- Understand the duty of reporting misconduct
- Describe the importance of pro bono work
- Describe the value of lifelong learning

Ethics for Paralegals Course Outline

Module 1: Evolution of the Paralegal Profession
Module 2: Tasks of a Paralegal
Module 3: Attorney vs. Paralegal Responsibilities
Module 4: Certifiication and Licensing
Module 5: Freelance and Independent Paralegals
Module 6: Confidentiality, Ethical Walls, and Screening
Module 7: Fees and Fee Sharing
Module 8: Advertising
Module 9: The Integrity of the Paralegal Profession

ADVANCED PARALEGAL COURSES

Advanced Paralegal Course Outcomes

The following certificate courses have been designed for the purpose of professional growth, personal enrichment and continuing education. These courses have been developed from approved components of our online Career Training Diploma Programs. However, they are separate from our Pennsylvania licensure and accreditation.

Each advanced paralegal course covers a critical topic and arms you with specialized knowledge that can help you advance in your current job. At Blackstone our advanced paralegal courses are written by distance education experts and reviewed by legal industry professionals to help you with your continuing education hours.

- Discuss commercial leases and lease provisions, including the remedies for a default of the lease available to both the landlord and the tenant
- Identify and describe the express and implied powers of corporations
- Describe the duties agents and principles owe to each other

Practical Bankruptcy Law (53)

- Provide a history and overview of bankruptcy
- Discuss the Bankruptcy Code and the Bankruptcy Rules
- Explain the role of the paralegal in a bankruptcy practice
- Establish the building blocks of bankruptcy law
- Identify different sources of law, explain how to perform legal research, and give the basics of legal writing
- Discuss bankruptcy litigation and appeals, from establishing jurisdiction and venue to appealing a case

- Discuss how to prepare for and begin a bankruptcy case
- Explain how a Chapter 7 bankruptcy case works from the debtor's perspective
- Describe a Chapter 7 bankruptcy case from a trustee's perspective
- Distinguish between Chapter 12 and Chapter 13 bankruptcy cases and explain how these cases work for family farmers and individual reorganizations
- Discuss Chapter 11 bankruptcy cases and explain how complex reorganizations work
- Describe a bankruptcy case from the perspective of secured creditors, unsecured creditors, and lessors
- Explain how taxes are determined, prioritized, and paid in bankruptcy cases
- Discuss the systems used to file bankruptcy cases and obtain bankruptcy court documents electronically, and describe the future role of paralegals

Personal Injury/Torts (54)

- Define tort law and list its categories and purposes
- Explain the role of foreseeability in tort law
- Explain the difference between battery and assault
- Define and explain strict liability
- Identify the elements and defenses of negligence
- Discuss the role of products liability in the media
- Define and identify torts against and within the family and torts connected to the land
- Explain defamation and related terms
- Discuss misrepresentation, tortious interference, and tort defenses
- Define workers' compensation and identify covered diseases and injuries

Family Law (55)

- Paralegal's role in a family law firm
- How to help draft a premarital agreement
- How to help draft a cohabitation agreement
- What legal issues come up prior to marriage
- The different types of marriages
- The issue of same-sex marriage
- The grounds for an annulment
- Conflict of law issues related to annulments
- Consequences of an annulment decree
- Co-fault grounds for divorce

- Fault grounds for divorce
- How a judicial separation works
- Jurisdictional issues involved in divorces
- Pre-trial and trial matters in a divorce case
- Alternative dispute resolution
- Enforcement of divorce judgments
- How to help draft a separation agreement
- How alimony is determined
- How property division is determined
- How separation agreements are modified
- How child custody and visitation rights are determined
- What to expect from a parent v. parent custody case
- What to expect from other types of custody cases
- The laws prohibiting child snatching
- How child support is determined
- How child support is enforced
- The tax consequences of separation and divorce
- The legal rights of women, including employment rights and reproductive rights
- Illegitimacy rights
- How to help with a paternity proceeding
- The legal status of children, especially those who have been abused or neglected
- The different kinds of adoption
- How to help with an adoption procedure
- The new science of motherhood, including frozen embryos
- The surrogate controversy
- Intrafamily torts
- Vicarious liability

Wills, Trusts, and Estates (56)

- Describe the benefits of having a will
- Explain the implications of dying without a will
- List the categories of facts needed for estate planning
- Distinguish between real property and personal property
- Describe the different kinds of nonprobate property
- Determine how property is distributed through the law of intestate

succession

- Describe the legal requirements for executing, changing, and revoking a will
- Understand typical paragraphs in a will
- Explain laws enacted to protect family members
- List advantages and disadvantages of different kinds of trusts
- Describe some of the uniform laws
- List the titles and duties of a personal representative
- Understand different types of probate proceedings
- Learn about the tax forms a personal representative must file
- Explain the law on advance directives and anatomical gifts

Criminal Law (57)

- Understand criminal law and the criminal legal system of the United States
- Explain the paralegal's role in the prosecution of crimes and the administration of justice in criminal proceedings
- Identify the components of and classification of various criminal acts
- Explain the elements of crimes against property, public order and safety, and justice and administration, as well as inchoate and organized crimes
- Explain different types of defenses and their elements
- Identify the paralegal's role in the intake procedure in a prosecutor's office and in drafting a complaint
